LOCATION OF CARNIVAL

KENTUCKY AVENUE ABANDONED BY THE PROMOTERS.

The Center of Interest Will Be About the State Capitol-Features of the Week.

The fall carnival will occupy a new position. The Kentucky-avenue location, which offered large advantages in space, brought some disadvantages that were unforeseen when the place was first announced.

The directors yesterday decided to abandon their purpose to hold the carnival at this location and to establish it in the streets about the Capitol. Accordingly permission was obtained for the use of Capitol avenue and Senate avenue from Washington street to Ohio street and from Ohio street and Capitol avenue to Senate avenue, with considerable adjacent property which was generously tendered the committee. This gives in all an area of over five acres, which will be ample for the display. This new plan involves the construction of the big illuminated arch on Market street near Illinois street, and the main entrance will be on Market street near Capitol avenue. The other streets will be inclosed and the contractor for the structural work is to proceed at once with its erection. The portion of Senate avenue west of the Capitol will be used for the fire fighters, of Kansas City, and William West, a member of Hale's company, in expected to reach the city to-day to superintend the construction of the seven-story building required to execute the maneuvers of the company. The space in Senate avenue is regarded as more than adequate for this exhibition, but is particularly valuable because it gives the company all necessary conveniences. The other features of the "Beautiful Orient" will be distributed at most opportune places.

THE PAIN PRODUCTION.
The production of Pain's "Last Days of Pompeii" is to be larger here than was expected when the spectacle was engaged. The company has added new features to it, and the bill of specialties and pyrotechnic features provided for a practically new show will be given here. The scenery for this production is entirely new, and there is, in addition, a large quantity of electrical effects. The rehearsals of the local performers who will augment the members of the company will begin to-night at Newby

THE OFFICIAL FAMILY

RUMORS ARE RIFE CONCERNING THE APPOINTMENTS.

George T. Breunig WILL, in All Likelihood, Succeed Jacob P. Dunn as City Controller.

MEGREW FOR CHIEF OF POLICE

THE PLACE TENDERED HIM, BUT HE WILL PROBABLY DECLINE.

Capt. W. E. English Spoken of for Board of Safety-Gossip About Other Places.

The all absorbing question at this time is who will constitute the Board of Safety, the official family, and also the personnel of the subordinate officers. The members of Mayor Taggart's cabinet and all the clerks in the various offices prepared their resignations yesterday and made preparations for their departure from the courthouse basement as soon as Mr. Bookwater is inaugurated at noon to-day. One of the city officials remarked yesterday that a Bookwater wave will pass through the City Hall at noon to-day and all the Democratic officeholders will will before it. There is no doubt that there will be a general "cleaning out" of the present officeholders and a complete set of new faces will be seen in the basement and in the various positions under the control of the mayor after to-day or at the end of this week at least.

Mr. Bookwater is besieged by office seekers, and yesterday he received many applications for appointments in the various departments which will not be under his jurisdiction. The Board of Safety office was visited by nearly one hundred men, who asked for application blanks for places in the police and fire departments.

BREUNIG FOR CONTROLLER.

There are many applications for the various boards and other positions, but Mr. Bookwater would not make known last night the names of the men he will appoint as members of his official family. There is no doubt that George T. Breunig will be the first of the new appointees to take office. It is said that he will succeed Jacob P. Dunn after the inauguration of Mr. Bookwater to-day. Mr. Breunig years ago was an alderman and is well and favorably known.

Probably more interest is being taken in the appointment of police superintendent than any other office, everybody is anxious to know the name of the successor of James F. Quigley. It seemed probable yesterday that C. Megrew will be the next police superintendent, but this is not settled for the reason, it is said, that Mr. Megrew has not as yet given his answer on the matter and may decline. There are several other men who are spoken of in case Mr. Megrew refuses the appointment. An appointment will be made at the earliest possible moment, so as to oust Quigley from the position.

Frederick A. Joss is spoken of as the man who will be appointed city attorney and Frederick E. Matson seems to be the most likely one to be named assistant city attorney, providing he will accept.

There are many names spoken of in connection with the Board of Works and the Board of Public Safety. The Board of Public Safety, which will in all probability be made a member of the Board of Works, has a number of friends, who give Mr. Logsdon the credit of helping to elect Mr. Bookwater, are anxious for him to be named as a member of that board and he may accept the appointment. Hiram C. Rappensberger, George W. McCaslin and others, who are spoken of among the applicants for the position of a member of the Board of Works, are also spoken of as members of the board. T. J. Meyer is also mentioned.

TALK OF CAPTAIN ENGLISH.

It is said an effort will be made to induce Captain William E. English to accept the appointment of chairman of the Board of Safety. In case he declines he will no doubt be appointed a member of the Board of Park Commissioners, on which board he was a member under Mayor Taggart until he grew tired of Democracy and joined the Republican ranks and tendered his resignation to Mayor Taggart. Mr. English, a member of the Council from the Sixth ward, and Harry S. Hubbard, also spoken of in connection with the Board of Safety appointments, Robert Bryson, a former president of the Board of Public Safety, is also spoken of as chief of the assessment bureau.

Thomas Shufelt, ex-sheriff of Marion county, or Frank Noble will probably be the next market master. William Bogardus will no doubt be chosen as chief of the assessment bureau, and his appointment may be made before the end of this week. There are several other names spoken of in connection with the Board of Public Safety. A committee will call upon the mayor to-day.

The City Clerk's Deputy.

Charles N. Elliott, city clerk-elect, announced last night that he had appointed William Kaiser as his deputy. Mr. Kaiser was one of the Republican councilmen at large in the last Council.

NATIONAL GUARD AFFAIRS.

Adjutant General Ward Announces Resignations-Other Matters.

The local examining board of the Indiana National Guard met yesterday in the Statehouse and examined Sgt. Harry S. Sergeant Landes was some time ago elected second lieutenant, but under the militia law all such elections are held subject to the examining board's approval of the candidate chosen. The board is made up of Captains Carroll B. Carr, Hon. W. McCaslin, W. E. English, Dr. J. R. L. Moorehead is recorder.

There are bigger furniture stores in the world than this, but none better. There are bigger stocks, but none more carefully selected, none more stylish, dependable, durable; there are lower prices, but none for such high quality. Lower prices than we are giving during this popular sale would mean unreliable, cheaply-made furniture, at least - HAVE A LOOK.
